### **There is No Truth; Only Views using Speculative Logic**

There is no thing called "truth" in the world, there are only views.

If truth is one, and no second exists,  
 Debates will never arise among folks;  
 A variety of truths they themselves do form,  
 Gurus therefore never speak of one truth.  
 Never was there a variety of truths  
 Other than sensations perpetuating in the world;  
 Creating views using speculative logic,

Gurus speak of a duality: falsehood and truth.
